

## Medical Physics and Biomedical Engineering Summer studentships 2015

This year the summer studentships will be encourage to use the BME undergraduate lab at Wolfson House. This would allow students to work in a friendly atmosphere, share their experiences and help to the exchange of ideas and support. This document reflects the weeks that students will be undertaking their summer studentship as to be able to plan the lab timetable and identify which member of staff can be (if required) in the lab with the students.
